

Summer Tutoring

with

Mrs. Davis

Does your child:

- struggle with math or reading?
- become frustrated or discouraged?
- need to learn strategies to improve learning?
- get bored over summer break?

Do you:

- think your child could benefit from personal attention?
- want your child to stay “sharp”?
- want academic support for your child that accommodates your schedule?

I am available for one-on-one tutoring. I can help your child catch-up and/or get a jumpstart on the new school year. Every child learns differently, and I will individualize lessons to meet the needs of your child. I strive to inspire, boost confidence, and make learning fun.

I am an experienced 2nd, 3rd, and 4th grade teacher, and enjoy being part of students' success.
