Dear Parent(s),

St. Agnes Catholic School is continuing with the "Paperless Friday Folders" or "eFolder." The eFolder is a program that would allow St. Agnes to E-mail letters, notes, and other items that usually go home in the Friday Folder, in the form of an Adobe PDF file to your home or work E-mail address. Adobe Reader can be downloaded for free from www.adobe.com.

This will accomplish two things, 1) we will be helping the environment by saving paper, 2) we will be helping to save money on copying costs and allows that money to better help the students of St. Agnes.

Although this program is not mandatory, I ask that you take time to consider participating in it. If you choose to participate, your child will stop receiving paper notes and other information every Friday in the Friday Folder. Permission Slips and other papers that require a signature or information to be sent back to school will continue to be printed out.

Thank you for taking the time to think over your involvement in this program.

I would like to participate in Paperless Friday's. (Please Print Legibly)
