

# Lice Alert

Your child may have been exposed to Lice (Pediculosis.)

## What to look for:

- ✓ Yellowish white eggs, (the size of the head of the pin).
- ✓ Found behind the ears and in the back of the neck.
- ✓ Red, irritating bumps on the scalp.
- ✓ Intense itching.
- ✓ Nits can travel to eyebrows and eyelashes.
- ✓ **CHECK DAILY** for the two (2) weeks.

Contact Mrs. Wilson w/ questions.

Don't do this alone!!

Lyn Wilson, RN
